Your gift makes a powerful difference

The ability to have a warm, safe and welcoming place during traumatic episodes in my life has been invaluable and so appreciated.

— A guest of Hope at the Inn

Free books through Dolly Parton's Imagination Library give our youngest children a foundation in literacy to prepare for success in school and beyond.

Individual attention given to students by their Reading Buddies inspires excitement for reading, and their teachers notice the improvement!

Whose life will you change?

A six-year-old boy came to his foster family with only a few things to wear, tossed in a bag. The Foster Closet provided school clothes and a few toys and books. The little boy was so excited to get a small suitcase to carry his clothes. His foster mom said, "To see the joy on his face as he helped pick out a few things and load some jeans into his new suitcase was amazing. The Foster Closet was a blessing to us."

Education Mini-Grants help local teachers enrich learning and engage their students by purchasing "extras" like rocket kits for science, 3-D pens for geometry, Whisper Phones for phonics, classroom book sets and much more!
